EDUCATION

College of Science and Technology

Bachelor's Degree in Information and Technology

June 2023 – present

Groupe scolaire Notre Dame de Lourdes Byimana,

A level certificate 2019-2022

Lycee Notre Dame de la visitation Rulindo

O' level certificate 2016-2018

TECHNICAL SKILLS

Programming Languages

- Java
- JavaScript
- TypeScript
- Dart
- SQL

Frontend Development

- React.js
- Flutter
- HTML5
- CSS3
- Tailwind CSS, Typescript

Backend Development

- NestJS, Nodejs
- Spring Boot, REST APIs
- Express.js

SUMMARY

Information Technology undergraduate with hands-on experience in full-stack software development, building web and mobile applications using modern technologies including React, TypeScript, NestJS, Node.js, Spring Boot, Flutter, and PostgreSQL. Experienced in designing RESTful APIs, database management, authentication systems, and scalable backend architectures. Passionate about using technology and artificial intelligence to solve real-world problems through impactful solutions. Strong problem-solving, teamwork, leadership, and project management skills demonstrated through academic, personal, and community-based projects.

PROJECTS

- **Carsharing Project:** Developed a vehicle booking platform using React, TypeScript, NestJS, and PostgreSQL.
- LUGX Gaming
- E-commerce Microservices

TRAINING AND CERTIFICATIONS

The Gym Rwanda - Frontend and Backend Development

Tainings: Developed a vehicle booking platform using React, TypeScript, NestJS, and PostgreSQL

Learned component architecture, state management, API integration, and frontend best practices.

The Gym Rwanda - Backend Development Training

- Developed backend applications using Node.js, NestJS, databases, and REST APIs.
- Practiced authentication, database design, and backend architecture.

SheCanCode Bootcamp

- Completed intensive software development using Java, training focused on programming fundamentals, teamwork.
